

What is it?

The Geocitizen Award is an award for students' work linking geography and citizenship, and is a free project run by the GA's Citizenship Working Group (CWG)

Citizenship through Geography

The award helps teachers to explore citizenship issues through geography. Details of geocitizen teaching workshops, useful links and lesson activities are available on the website

★ **See** lesson ideas and useful links from our current and previous workshops ★ **Share** your lesson ideas with other teachers ★ **Showcase** your students' work on the geocitizen website ★ **Receive** a geocitizen award and badges! ★ **Join** the CWG

How can my school take part?

Trial the suggested activities with your class

Record the activity including:

- A brief description of the activity
- Photos or copies of students' final piece of work (please get permission for student photos)
- Evidence of student's reflection on Citizenship through Geography issues

The GA Citizenship Working Group will post examples of work on the geocitizen website and send your class their geocitizen award!

Contact

Send in your work to:

J Pykett, IGES, Aberystwyth University, Llandinam Building, Penglais Campus, Aberystwyth, SY23 3DB
