

The Geographical Association International Initiatives Fund

Purpose

The key purpose of the Fund is to promote educational initiatives involving individuals and associations concerned with geographical education worldwide. This fund is intended for any person directly involved in providing geographical education, e.g. teachers and teacher trainers.

Awards

(Usually £250-£750) are available for individual geographical educators to visit the UK or for GA members to travel to exchange ideas of good practice in teaching and learning. Each year some awards are given to educators from outside the UK so that they can attend the GA Annual Conference (held in the spring). Priority will be given to those who would otherwise not have the opportunity to travel.

The closing date for applications is **31st August** for the academic year starting in September (the same year).

For further details see the GA website:
