

Waste Think Tank

Names: _____

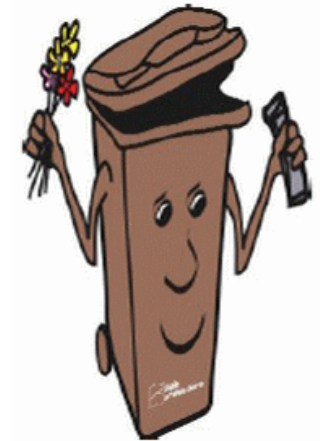

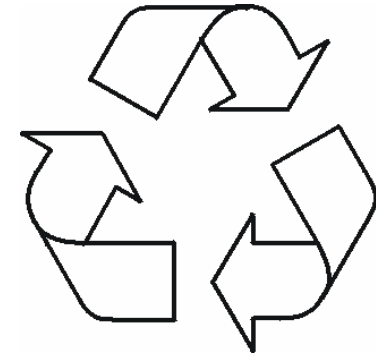

Why do we need to do something about the amount of waste that we produce every year? (What are the problems linked to this?)

Recycling will reduce the amount of waste sent to landfill sites. Do you think recycling is a solution to the waste problem? Why?

Your ideas on how to solve the waste problem

What do you think we can do to try and sort out the massive waste problem faced by Rotherham, the UK and the rest of the world?

Write down/sketch out all of your ideas in the space below.

HINT: think back to the work we did in the first lesson on we did in this unit . Is all packaging necessary?
