

## Young Geographers - Pupils feedback

### 1. What did you enjoy most about the project?

- *When we went outside and drew the pictures and went on the field.*
- *Writing around the big pictures.*
- *Going out on the trip.*
- *Drawing pictures of the habitats.*
- *Looking at the holes.*
- *Writing about the pictures on the big pieces of paper*

### 2. What have you learnt that you didn't already know?

- *There are different types of bushes, some trees are evergreen and some are not.*
- *Birds live in trees.*
- *Birds build nests in different types of bushes.*
- *Plants which are green all year round are called evergreen.*

### 3. What would you like to do next?

- *Make a field and put lots of habitats in it.*
- *Make a model habitat with animals and make a habitat game.*
- *Do some more writing and make an information sheet about habitats in 'Big Writing'.*
- *Do some more work at home.*

### 4. Which piece of information would you tell someone else?

- *Caterpillars live in bushes.*
- *There are different types of bushes – evergreen and not evergreen.*
- *There are lots of nocturnal animals.*
- *We saw a bird's nest in an evergreen bush.*

5. Which activity did you like doing the least?

- *Looking at the bird's nest.*
- *Putting our wellies on to go outside.*
- *Drawing pictures because I'm not very good at drawing.*
- *Walking around the field.*
- *Writing because we always do writing.*

6. What did you find difficult?

- *Writing and drawing.*
- *Identifying which animals lived in the holes we found.*
- *Completing the map with numbered stopping points and doing the annotations because I didn't know what to write.*
- *Spotting the habitats when we were out on our walk.*
